PROJECT EVERY CHILD A READER PROGRAM

In support of the DepEd Central Office’s thrust of ensuring that every child manifest basic literacy skill by Grade Three, this Project ensures that all students have the capacity to be fully functional citizens by acquiring literacy skills. It is supported by an array of activities which measures and complements the literacy development of the child specially in primary grades. Standardized assessments, in the form of Phil-IRI and Oral Reading Verification are regularly conducted.

Development of materials and conduct of trainings for teachers are also included.

PROGRAMS/PROJECTS IN KINDERGARTEN

1. **Program Implementation Review (PIR)**
   (This is done once a year with the training team and principal coordinators in Kindergarten as participants. It aims to review and reflect on the different programs and projects being implemented in the Division. It also serves as planning for the next school year)

2. **Project "Let's Count"**
   (It is a mathematical program for kindergarten that supports parents and teachers in their quest to develop the math skills of children and help them see math as relevant, stimulating and fun which sets them up for future success.)

3. **Project "Big Book"**
   (Since story telling is an everyday activity in kindergarten, teachers were tasked to make big books for the stories that they are using. A quarterly writeshop for the development of big books was already part of the kindergarten program.)

4. **Division Kindergarten Festival of Talents**
   (The activity aims to acknowledge and promote student excellence in various areas and to provide formal recognition of student achievements that can motivate learners to strive for excellence not just in academic but also in leadership, and social responsibility)

5. **Division Trainings**
   (For Untrained - This is an annual training given to newly hired teachers and newly promoted school heads For Regular Teachers - This is done twice a year to update and enhance the skill of teachers based on their need.)

6. **Project Local**
   (Development of localized and modified instructional materials)
