AN AWESOME TEACHER

by:
Evelyn Dela Cruz

To become a teacher is an honor and responsible. It is a noble profession and a mission. A mission that you cannot pay in return and forget all memories. Teachers always keep calm and innovative, they learned that different students have needs and interest, so they give them a chance to grow and explore different learning activities. Teachers established clear objectives for each lessons and activities to meet standard education. Teachers are the one who promote positive behaviors and encourage them to do right things and can ensure effective study, work habits and an overall sense of respect inside and outside of the classroom. They are flexible enough to handle different kinds of learners with different socio-economic background. There are some qualities to become an awesome teacher:

Adorable. Teachers are righteous in all aspects. They are capable to manifest positive attitude not only in school but in community as well.

Work Oriented. An awesome teacher does their assigned task, duties, and responsibilities. They are committed to work and fully equipped.

Effective and Efficient. An awesome teacher does right thing and does things right, so they influence their students to walk in a right way to have betterment learning.

Smart. Awesome teachers are committed and competent globally to give the best quality education.

Open-minded. An awesome teacher must be an open-minded. For them to be able easily adapt the changes in our educational system and technologies even sometimes they are tired and stressful but still they do their duties and responsible.
Managerial skills. To become an awesome teacher you need to have managerial skills to ensure the safety, progress and alertness to determine the needs of your learners to maintain a good communication with parents and students towards positive attitude. To manage and face different situation wherein your learners are connected.

Entertainer. An awesome teacher provides an enjoyable teaching learning process. They initiate activities that create a good rapport to each other. They give an open arms support to the learners who are in needs.
