DISCIPLINE INSIDE THE CLASSROOM

by:
Bonita R. Puno
Teacher II, Mambog Elementary School

Teaching transform kids to an amended one. It is noblest profession of them all. In this field, all aspect should be considered. Physically, mentally and emotionally features must be prepared. Reason for that is, when a teacher is in front of the class, a much responsibility is handed.

There are many studies and trainings taken before becoming a teacher. Must be a licensed in this profession for you to become an established one. All of these must be handed together with willingness and passion to teach.

But inside class is indeed a different story. Yes, teacher is equipped with knowledge including the materials needed yet some children are not listening and not even care that a teacher is in front of the class. Therefore, what always packed on a teacher’s side is a discipline.

Classroom discipline refers to the strategy use by all teachers to manage their student. It is not a simple talk to deal with. This is the first thing that is needed to establish before a lessons start. With reference to www.education.gov.gy, discipline is a key component to effective classroom management. Classroom discipline refers to the strategies a teacher uses to manage student behaviors and attitudes during instructional time. A teacher who uses consistent discipline strategies exhibits more effective classroom management than an inconsistent teacher.
Indeed, a discipline is an effective key for a classroom management. For this to set up, some procedures and guidelines must be imparted. A number of ways for a teacher to make discipline exist always.

Providing a list of standards is an important thing to remember. Let the students know teacher’s rules and regulations first. But these rules should be kept on simple manner. For these they will know their responsibilities inside classroom.

Welcoming them is a part of a plan. Let them be homed in their second home. Treat them with the same respect. Know students name quickly. Be kind and make learning fun as of always. In that way, discipline can enter easily.

Keep classroom orderly. When pupils see their classroom practice cleanliness and has a good ambiance, they are going to mirror same practice too. That way discipline took repeatedly.

Teacher must be fair and firm. Be courteous, enthusiastic and confident. These should always be handed by a teacher to maintain discipline.

Furthermore, there are some uncertainties events happenings inside classroom. In addition, when these scenarios came, teacher should be flexible in handling unexpected events. Just follow some care and love children so that teacher can manage all.
In teaching, discipline is necessary part of classroom routine. It is ever more important in life for a student to learn during school life. It is not only important for all pupils but also for everyone. Teaching this matter inside classroom is essential.

For now, educators learn good classroom discipline scheme through academic preparation. Finding the best discipline methods took time for them to achieve which was the better one. Being innovative is a way. Teachers must connect with their students and ensure fun sand safe learning environment. These things are in a deep meaning of discipline. Embrace these wide open, so that a positive outcome in classroom management reach them always.
