From A Classroom Teacher; “We Have Work To Do”

Julia R. Llenarez
T-III – Morong NHS

From Ephesians, 2:10 – “we are his workmanship, created in Christ Jesus for good works, which God prepared beforehand.”

A little bit late to ponder on President Noynoy Aquino’s “Ulat Sa Bayan 2013”, because it was scheduled on a weekday, it was only a night ago when I happened to switch on a station which was airing a delayed telecast of the said event.

As I was glued on the screen the president was enumerating the good works each department in the agency has shown as he reiterates in his “Daang Matuwid” Each department head was given commendation and good words including our very own Department Secretary Armin Luistro.

As always, Bro. Armin Luistro was in his boyish smile, so confident and assuring as he seems to be.

As a classroom teacher I cannot but follow what the Bible states. As teachers, we are a part of that solemn oath to do what we are supposed to do to make and better the students. We, teachers are one in trying to reach our common goal, to make them learn and to utilize what they learn in real life.

For in so doing, we will be in active participation with DepED to fulfill and satisfy its goal and vision. Hand in hand, though it may seem complicated and rough, everything will be realized through our active participation know that as God made and put us in our present positions, he has planned our good works in advance, I am very much certain that as we fulfill our good works, we are “God’s fellow workers “, and that will make the difference!

Tips to beginning and incoming Secondary classroom teachers? We must be…

1. Sincere in fulfilling our duties as teachers. Sincere in the sense that teaching will be our priority.
2. Committed and honest in our endeavor to make the students learn the skills they should learn.
3. Resourceful and very responsible because we are dealing with humans not objects.
4. Always be aware and conscious of the emotional quotient (EQ) of each and every students for this helps most in the teaching-learning successful.
5. Not only be duty but also God-driven as we won’t go astray in the execution of our beloved professions.
6. Lastly, very sure that at the end of the day we know we have done our tasks truthfully, and that every single centavo we receive is worth it.
