K to 12 Program is considered as one of the greatest achievements of the previous administration in our country.

Education is the passport to the future, for tomorrow belongs to those who prepare for it today. - Malcolm X. This prominent line is paralleled to the main advocacy of the K to 12 Curriculum which is preparing the lives of the young people through education.

Part of K to 12 Program is to prepare the youth for college. This is why the curriculum offers different tracks and strands in order to address the interests, inclinations and talents of the students.

K to 12 Programs also prepares the youth for work. The different skills are being taught to the learners in order for them to be exposed in different fields of work like in the academe, in agriculture, in industry, in technology and the like.

Advocating the welfare of the youth is to prepare them for business. K to 12 Program teaches them to become entrepreneurs engaging in worthwhile businesses and profit-oriented activities.

Significantly, K to 12 Program leads the youth to be successful someday. The youth that are educated and trained through spiral progression and are sent to Senior High School to become more well-equipped and well-prepared for the challenges of the future.
K to 12 Program lets the youth to meet global standards. The kind of education being offered by the curriculum is comparable to the kind of education of the most progressive and most successful countries in the world.

The type of education that K to 12 Program is not only focusing on contents but also emphasizing experiential learning which lets the students to be more competitive. They utilize their potentials to show to the world that they are productive and skillful.

Indeed, K to 12 Program has educational advocacies that work for the development and success of the Filipino learners making them as world-class individuals.

K to 12 adopts the new paradigm that makes Filipinos well-educated and well-trained not only as citizens of the country but of the world as well.
