LEADERSHIP IS THE FASTEST WAY TO TRANSFORMATION AND CHANGE

by:
Grace V. Magaogao

In the 21st century world we experience quandary and sometimes situate us to a very crucial circumstances. An unconscious action of leaders nowadays leads to chaos. Come to think of it if you are one of them.

LEADERSHIP is the art of leading others to deliberately create a result that wouldn’t have happened otherwise. There are different ways on how to be a great leader. We just need to be vigilant on the real situation so that we can be an effective and efficient leader of this society.

In this fast changing world, we need a leader that will lead his team to success. An effective leader knows how to influence and enlighten his member because this is the only way on how to motivate them in doing their job as well. He should also be active, aware and sensitive to the needs of his subordinate. Knowing the feelings of other people will help us to understand the situation that they had. Deliberately create challenging result is also one of the best characteristic of a good leader because most of the time we encounter a lot of problem that actually test our own patience that is why we need to be very careful in discussing the issues before making a decision. Empowering capabilities to reach maximum performance can be the strength of a leader. This will help his member in doing their part properly. The leader should invigorate attitudes and values because this is the key to make your members believe on what you say or do. Being self-directed
and able to make decision quickly is also a good point for you to lead people. An individual who can easily decide are those person who has a strong strength of mind. It is also helpful if a leader know how to inspire or persuade the group because this will serve as inspiration to accomplish their work well. Good performance of every individual is vital in the process of leading people. The leader ought to perform at his best and ultimately makes winning team. This proves that he can handle the group in a very good manner.

Being a leader is not an easy task to do; this must be coupled with handwork, patience, dedication, discipline and proper values so that we can easily adopt the change and transformation without being strain. There’s a lot of secret in doing it effectively, we just need to exert effort to make all this things possible in just one click.
