Positive discipline could be a simpler task to manage misbehaving pupils within the classroom. It permits students to be told and adapt their behaviors to satisfy expectations inside the classroom whereas at the same time teaching them the way to build higher selections in their path to maturity. There are plenty of techniques that teachers can use to bolster smart behavior with positive discipline such as:

1. Set the classroom rules at the beginning of the year.

2. Practice consistency.

3. Set goals on every expectation.

4. Good behavior must be reinforced.

5. Stay neutral throughout conflicts.

7. Respect student dignity.

8. Have individual plan for each learner.

9. Use praises if needed.

10. Model appropriate behavior.

12. Take away objects that cause distractions.
13. Hear your pupils.

Using these positive discipline techniques can facilitate teachers maintain a positive atmosphere and associate support for an inclusive learning surroundings. It is necessary for them to help their pupils acquire new behaviors that meet expectations in the classroom, home and elsewhere.
