SENIOR HIGH SCHOOL ADVANTAGE

by:
Rodylie C. Calimlim
Teacher III, Pagalanggang National High School

The rise of Senior High School in the Philippines opened many doors for Filipino learners. The implementation of K to 12 Program paved the way for many opportunities for the students in our country to shine in different tracks and strands where their respective skills are inclined.

Senior High School will indeed play a big part in preparation for college or for advancement. The students may learn the essential skills and competencies which are essential in college education.

Another remarkable advantage that Senior High School provides is the engagement in business or entrepreneurship. The students are given the opportunity to learn the nature and management of business.

The Senior High School also teaches the students to be indulged in future work. The students are being trained to face the challenges and responsibilities in work. They are even sent to work immersion for their practicum or training.

To meet the world standards is one of the major advocacies in the Senior High School. The students are taught of the necessary knowledge and competencies which are also taught in progressive countries and they are instructed with the skills needed in the workplace here and abroad.
Senior High School education is being offered to the Filipino learners in order for them to become globally competitive. This connotes that they are comparable to other citizens of the world and their abilities are equal as of those in other countries.

Productivity is truly evident in the Senior High School. Each student is being molded and shaped to become a productive individual. This means that that Senior High School makes their undertakings fruitful and successful.

Senior High School education is such a good investment with returns. The students spend their time and efforts for additional two years and eventually they will harvest the fruit of their labor.

The Filipino learners are very fortunate to have the Senior High School for because of this they are becoming well-equipped, more capacitated and empowered.
