Education is for all. Every citizen has the right for free education. The Department of Education in partnership with the local government has done everything to give every "Juan" the education he deserves. Every individual will nurture with quality education provided by the department as seen from its mission and vision through the help of teachers.

Teacher is considered as one of the noblest professions. During the time of Jesus Christ, he served as a teacher to spread the words of God. A teacher has a seat already in the Kingdom of God. All the pains and sacrifices done will be paid off when the time comes. This only shows how God loves the teacher so much. Not only the "Mighty Creator" loves the teacher dearly but also every "Juan". This is the reason why teachers are the most well-respected among the professionals.

Educators are the qualified persons who can facilitate learning and educate every "Juan" to be the “Hope” of this nation. During his early age, parents were accounted as his first teacher. They taught him how to socialize with other people, communicate with them properly and learn the basic education. As years passed by, when he was already on the right age to enter in the true world of education, he will encounter different kind of teachers in terms of intelligence, strategy in teaching, attitudes towards their works and behavior.

Eventhough they have differences in some aspects still, we call them "TEACHER". Teacher who will mold this "JUAN" to be a good citizen, a future leader and builder of this nation. A teacher can create a well- rounded "Juan" and in return a “Juan" can also create an excellent “Teacher". Every one has a gift from God. One of those is to have a teacher who will restructure them so that he will show his full potential and contribute in building the nation for the betterment of the people and for the next generation.
As cited from the article of Pastor Rick Warren entitled “Make The Most of Your Talents” in which he said and I quote, “God has given you unique abilities, talents, and gifts. These represent a person’s SHAPE — Spiritual gifts, Heart, Abilities, Personality, and Experiences. This bundle of talents is the thing God has given you that makes you who you are and sets you apart from other people.”
