John 3:16 “For God so loved the world, that he gave his only Son, that whoever believes in him should not perish but have eternal life. God gave us breath, nurtured with plenty and loving environment. He gave a good hearth to everyone to take good care of His creatures, to make our world be a garden of heaven. But unfortunately, it was expurgated with the devils. They teach human how to become selfish, not contented and to become sinners. Because of that, God decided to give His beloved son to save human from immoralities. He used His son as instrument to teach us how to love, how to commit ourselves to everyone and to know the words of God.

As a teacher, are you created by God to be an instrument to build a new life? What are you building? Is it, your career? Your name for yourself? A new house? Or a life of your own? Always remember, everyone has a mission. We as teachers should know the obligations that we committed. We exist to teach and guide the young minds. We are here as instrument of God to create good and productive citizens.

Just like in the real story of Miss Thompson and Teddy Stallard “My Favorite Teacher”. They both changed their lives through the will of God. Miss Thompson served as instrument to make Teddy Stallard successful in life. She had become an instrument of God, committed to love her pupils and doing things for them that would live on after her. She helped all the children, but specially the slow ones, and especially Teddy Stallard. By the end of the school year Teddy showed dramatic improvement from always messed and failed in a class. He caught up with most of the students and was even ahead of some.
We have been called by God to be his instrument of encouragement. There are people hurting all around us and an encouragement can radically change the course of a person’s life. The school is one of an area where there are plenty of people in pain. You don’t have to look too far to find one person in need of your affirmation. Make today a special day for you and for the children who needs a word of encouragement. Be an instrument of God and offer kind words and help change someone’s life.
